## 4TH OF JULY

It is rumored that Condon intends to celebrate this year. If so, it is time to start the ball rolling and make the most successful one ever held here. A good celebration is a credit and benefit to any town and, as near as can be learned, no preparations are being made to hold any in this section of the state, so why not let the eagle scream at Condon. A tennis club has been organized, a base ball team is being organized and there is also some talk of a horse team and band. With these and other sports, patriotic speeches, parades, etc., Condon could have a celebration that would bring all the people within a radius of one hundred miles. Enthusiasm has been started, shall it die?
